CERTIFICATE OF SUITABILITY AND WARRANTY

We hereby declare that our mobile tanks for fuels UN1202, which are mentioned below:

CARRYTANK 220

CARRYTANK 330

CARRYTANK 440

CARRYTANK 400+50

are containers suitable for the transport of Diesel fuel, in total exemption from ADR article 1.1.3.1.c) as reported below.

ADR 1.1.3.1. c)

A.D.R. 1.1.3.1. C: ADR DISPOSITIONS CANNOT BE APPLIED: to company transports as complement of their main activities, as the provision of construction sites or civil constructions or for the return trajectory of these construction sites or for controls, reparations or maintaining in quantities not higher than 450 litres for packing and following limitations of the maximum total quantities indicated in 1.1.3.6. Provisions must be adopted to avoid any content loss in normal transport conditions. Transports of these companies for their provision or external or internal distribution are not included in this exemption.

They have been pressure-tested at 0,2 bar and have been proven to be perfectly watertight.

We release a one(1)-years warranty against manufacturing defects.
